

AIR CURTAINS

SANITATION CERTIFIED

EPH LISTED PER NSF 37

Restaurant and kitchen designer preferred for meeting food service standards, health department requirements, and maintaining a comfortable environment. Our energy efficient air curtains create an air barrier to keep fresh air in while keeping insects, dust and harsh temperatures out.

IDEAL APPLICATIONS:

Kitchen/Service Entry Doors

Walk-in Coolers

Shopping Carts

Concessions / Drive-Thrus

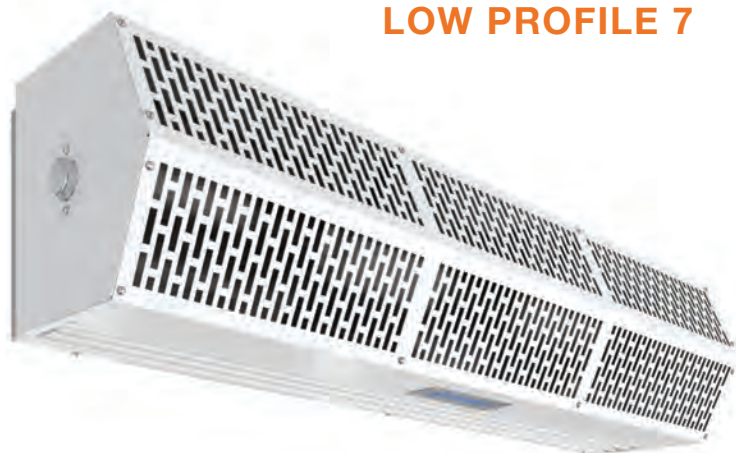

*Saving Energy and Creating Healthy,
Comfortable Environments*
